- ◆ The goal of Automatically Yours is to place titles in patron's hands in a timely fashion. Everyone wants that new book as soon as possible. Now your name will be on reserve lists with very little effort on your part.
- ◆ Bestsellers, designated as *Speed Reads*, have a 10-day circulation period. All new Automatically Yours titles will be *Speed Reads*.
- ◆ The order of patrons registered for each author will be rotated so that the same person is not always on the top of the reserve list for a given author. Nor will that person be at the same point on the reserve lists for all authors s/he requests.
- ◆ This program officially began November 1, 2003. All titles published on or after that date will be available for automatic reserves, except for reprints.
- ◆ Your record will remain on file for the duration. If you ever need to modify it, complete another form, marking "redo". If you choose to drop out, please contact the library.
- ◆ For more information, contact Sandy or Jenelle at the Circulation desk.

Register for MPL's Automatically Yours program and you will be placed on the reserve list for all the popular fiction authors you choose. It's that easy!

Complete both sides of this form and return it to the circulation desk. Your name will be added to the reserve list as each new title becomes available.
